Kootenai Forest Stakeholders Coalition  
Robyn King, Chair

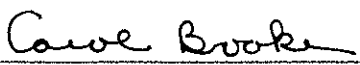

To Whom It May Concern,

The Sanders County Board of Commissioners support the collaborative efforts of the Kootenai Forest Stakeholders Coalition in identifying and pursuing a path forward for the management of public lands in the Kootenai National Forest.

As Commissioners for Sanders County, we strongly advocate for the Kootenai Forest Stakeholders Coalition which is made up of local community members, business owners, elected officials, and non-profit representatives who believe that the Kootenai National Forest should be managed to provide a balanced outcome of economic development, opportunities for outdoor recreation and conservation of its unique ecosystems, so that local communities and public lands that surround them can sustain these values for generations.

Thank you for allowing us to have the ability to support the Kootenai Forest Stakeholders Coalition's efforts.

Sincerely,

  
\_\_\_\_\_  
Carol Brooker, Presiding Officer  
District No. 1
